

The Way Forward

Ruth Whitfield and Stan Houghton

Code of Practice

- Produced by the WWW Advisory Board in collaboration with the Information Providers Forum
- Approved by the Information Strategy Group

User friendly layout

Summary of Key Points

Web ID - <http://www.brad.ac.uk/webid>

Background

- Strategically divided between central services and Schools
- Limited central staff resource
- A degree of uniformity in the University Web presence is important
- Guidelines for Information Providers

Current Provision

- The University has made enormous strides in Web provision over the last few years.
- Substantial diversity in Web provision across Schools.

Legal requirements

- Guidelines updated to a Code of Practice to legal requirements.
- Legislation often imposes both a personal and corporate liability.
- Moral requirement.

The Way Forward

- MCC and LSS will undertake an audit of School (or Planning Unit) Web sites and provide feedback
- Additional training and support for Web contributors.
- Web included in Planning guidelines.
- Content Management System.
