Module Aims
<p>The aim of this module is to provide an introduction to the protection of human rights in international law. This entails examination of the origins of modern human rights provisions and it will enable students to develop a deep understanding of the principles, rules and regulations relating to human rights and human rights law both domestically, regionally and internationally.</p>

Outline Syllabus
<p>A selection of the following:</p> <ul style="list-style-type: none"> <li>Theories of rights</li> <li>International schemes and protection of human rights</li> <li>European Convention of Human Rights</li> <li>Human Rights Act 1998 - impact on UK civil liberties</li> <li>Judicial Review of Administrative Action (outline)</li> <li>Sustainable development in Human Rights law, encompassing respect for individual human rights, respect for diversity and cultural imperatives.</li> </ul>

Learning Outcomes	
Outcome Number	Description
01	Provide a detailed, systematic and critical analysis of the impact of human rights law on domestic and international legal frameworks.
02	Apply the detailed and systematic knowledge of human rights law to critically assess practical and theoretical problems and provide innovative solutions to them.
03	Present their work to an acceptable academic standard in written form.

Learning, Teaching and Assessment Strategy
<p>This module is delivered in a blended format and will use the scheduled class time to help you develop your understanding of human rights in an international context. Weekly two hour sessions, both online and face to face, You will be required to work independently and research topics to present in class. Your learning will be guided and supported through the sessions in which you will take part in a variety of activities. The module is assessed by coursework which will deal with issues we have discussed in class. The coursework covers all of the learning outcomes for this module.</p>
