Occurrence	Location / Period
BDA	University of Bradford / Academic Year

Module Aims
N/A

Outline Syllabus
Topics covered include: programme overview, time- and self-management, introduction to Pebblepad and Canvas, literature searching and critical review, advanced level framework and learning needs analysis.

Learning, Teaching and Assessment Strategy
<p>The function of the module is to allow students to summarise the learning from work-based and academic activities gained across multiple modules. Students need to demonstrate that they can apply their knowledge between and across modules and assimilate appropriate evidence of this. Students will attend an induction day which will introduce them to the programme, the module and the assessment.</p> <p>Students produce a portfolio of evidence to demonstrate their progress on the Advanced Pharmacy Framework (APF).</p>

Mode of Assessment			
Type	Method	Description	Weighting
Summative	Coursework	Eportfolio (Must Pass)	100%
Formative	Coursework	Eportfolio (progress monitoring)	N/A

Please note:

This module descriptor has been published in advance of the academic year to which it applies. Every effort has been made to ensure that the information is accurate at the time of publication, but minor changes may occur given the interval between publishing and commencement of teaching. Upon commencement of the module, students will receive a handbook with further detail about the module and any changes will be discussed and/or communicated at this point.
