How to Find Us Inside Back Cover
THE CAMPUS

Our campus is one of the most sustainable in the world, winning us The Times Higher Education Supplement’s Outstanding Contribution to Sustainability Award 2010 and the Gold award in the Environmental and Social Responsibility index 2010.

The city campus is well equipped and undergoing continual development to enhance our students’ experience. It is very close to the centre of Bradford and has easy access to local, regional and national transport links.

New students will be among the first to use our new accommodation, The Green, which admitted its first-ever students in September 2011. And the newly refurbished Student Central provides social and study areas with a shop, bars and entertainment areas, and also houses the Students’ Union. On campus there is also a theatre, library, gallery, music centre, new gym, pool, and many places to eat and drink.

As well as all of these new facilities, there is plenty of green space for you to enjoy on campus, the largest of which is the amphitheatre outside Student Central, which plays host to barbecues, sunbathing and events during summer and to sledging and snowball fights in winter.

For students studying Management or Law-related subjects, teaching is mainly based at the dedicated School of Management parkland campus a couple of miles away, which is home to both beautiful historic buildings and highly sustainable state-of-the-art facilities. There is a regular bus service between both campuses.

Behind all of this is a commitment to sustainable living that has won our campus the award for ‘Outstanding Contribution to Sustainable Development’ in The Times Higher Education Awards two years running. So you can study safe in the knowledge that you are helping to save the planet at the same time.

Of course we also have top-quality facilities and equipment on campus specifically for your studies.

BSc (Hons) Computer Animation and Special Effects

“The best thing about my course is the Motion Capture Unit at the University, which is one of only two in the country. The staff at the University are very supportive and nothing’s ever too much trouble.

When I’m not studying, I love to hang out at the amphitheatre on a hot day with a drink, BBQ and some friends. Living in the city is great because you’re so close to everything - bars, clubs, food, or anything else you may want is only a 5-minute walk away.”

THE CITY OF BRADFORD

Enjoy state-of-the-art facilities for your studies, wellbeing and social life through our £84 million campus investment. There are also over 60 societies to join, and 30 sports to play.

Bradford is perfectly placed, right in the middle of the UK, and with great transport links that mean you can go anywhere you like with ease, whilst living in the least expensive student city in the UK. Leeds is just 20 minutes away by train, the Dales and Manchester are within easy travelling distance for a day or a night out, and there are trains and coaches direct to London too.

Meanwhile in Bradford itself there is art, music, theatre, history, clubbing and great food and drink from all over the world right on your doorstep, and at little expense.

Bradford is a famously global city – the perfect place to learn about other cultures, particularly during the annual Mela festival celebrating Asian culture, and through the many wonderful international restaurants and curry houses, which earned Bradford the title of Curry Capital of Britain 2011. But at the same time it has also been voted the most English city in the UK for its love of cricket, fish and chips and events like the beer festival in the UNESCO World Heritage site of Saltaire.

Lovely architecture is everywhere, from Little Germany in the city centre out to nearby Haworth, which was the home of the Brontë sisters. The creative village of Hebden Bridge is a great day out with its annual rubber duck race, and there are also many beautiful parks in Bradford, such as Lister Park just ten minutes from campus and next to the School of Management, which has won Britain’s Best Park title.

Bradford was the first of the two UNESCO Cities of Film (Sydney, Australia, is the other), and hosts an international film festival, animation festival and horror festival each year, with other film-related activities here for you to enjoy all year round.

To find out more about the entertainments available if you live in Bradford, go to www.bradford.ac.uk/bradford and also visit our videozine www.wildwestyorkshire.com where you can see lots of videos about Bradford and West Yorkshire from a student’s point of view.

“Being from Bradford I’m really familiar with the city and grew up only two miles away from the University’s city campus. I’m really proud that my city is so multicultural and I feel lucky that I have many friends from different backgrounds and cultures. I’m really impressed with the new look at Student Central and plan to spend time at weekends there to meet new people. The course has more than exceeded my expectations and everyone is really friendly and helpful.”

The Green – A Village Concept

For students living away from home for the first time, The Green aims to provide a welcoming and sociable environment, supporting an enjoyable and educational student experience.

Opened in September 2011, The Green is based on the University’s city campus, and puts students right at the heart of academic studies, student facilities, support and social activities.

The Green has been designed with a community village feel in mind. Whilst it forms its own self-contained community, it has great connectivity into the city campus and is within easy reach of the city centre, which is just a 5-minute walk away. Regular bus services pass by the student village into the city centre, from where you can easily get to Leeds and other nearby towns, including parts of the Yorkshire Dales. There is also a regular daytime bus service between the city campus and the School of Management campus.

At the centre of the Village is ‘The Orchard’ which is a central hub building which houses the Accommodation and Management office, and a launderette. The Orchard overlooks the central area and a biodiversity pond.
SOCIAL SPACES AND AMENITIES

Award Winning

The village is the first student residential project in the country to achieve the BREEAM accolade of ‘outstanding’. This award is assessed through an analysis of building design and operation.

Key award-winning features include:
- Energy-monitoring displays in each apartment and townhouse
- Solar panels
- Timber-framed highly insulated buildings
- Heat recovery units (80% of heat recovered)
- Combined heat and power unit (CHP)
- Low-energy lighting
- Secure by design standard (lighting and security)
- Rainwater harvesting (using the biodiversity pond and additional holding tanks)
- Thermostatic valves on radiators
- Secure bike parking and storage
- Green open space (2m² per occupant)
- Open piazza and performance space

The apartment and townhouse blocks are set around a central water feature - a biodiversity pond which reuses rainwater, provides a home for a number of animal and plant species and acts as a passive coolant in summer. There are lots of places to meet, socialise and relax within the attractive landscaped gardens which help create an enjoyable place to live.

There are built-in barbecue sets, external seating and grassed areas. The townhouses have patio doors at the back that lead onto grassed areas so they really have their own garden.

There are some small garden areas in which students can plant their own vegetables and herbs.
TYPES OF ACCOMMODATION

The Green offers two types of accommodation to our students:

Townhouses
The townhouse blocks are best described as blocks of houses, very similar to a traditional English ‘terraced block’.

There are 34 townhouses, each of which has 12 bedrooms and 6 bathrooms. They have their own front door and a back patio door leading to a garden/patio area. Students have an access fob for the front door and for their own room.

On the ground floor is the large open plan living space, a fully fitted kitchen, dining-room and living-room with direct access to an external paved and landscaped area, which will be ideal for those warm, sunny days. On each of the floors above there are four bedrooms and two bathrooms, so two students share a bathroom.

Apartments
The apartments provide 618 en-suite bedrooms in 6-bedroom apartments with shared fully fitted kitchen/dining and living space. The apartments also cater for people with a wide range of disabilities. Students are provided with individual access to the block, their cluster apartment and their own individual room.
SCHOOL OF MANAGEMENT CAMPUS

Vernon Barnby Hall

Vernon Barnby Hall, located at the School of Management, is the only allocated Hall specifically for postgraduate students studying at the School. It comprises 25 single en-suite study-bedrooms with shared kitchen facilities.

This Hall is located on the site of the School of Management, close to Saltaire (UNESCO World Heritage Site) and adjacent to one of Bradford’s highly acclaimed parks, Lister Park. It is only two miles from the city campus and is supported by a regular bus service to the city campus and the city centre, which is currently free.

ACCOMMODATION COSTS

Rental pre-payment
When you accept the accommodation offer made to you, you will be required to make a rent pre-payment of £250.00, which you will need to pay when you complete and sign the tenancy agreement. (Please note that once you have signed the tenancy agreement, you will be liable for the full fee.) Payment details will be sent out to you when we make you an offer of accommodation. The £250.00 is then deducted from your accommodation charge total, so you don’t pay any more than the total accommodation charge quoted. There is no need for any additional deposit or security in advance or on arrival. The remaining rent payment can be paid either in full before/on arrival, or a payment plan of 3 instalments can be arranged on arrival.

Rental Costs
All accommodation contracts are for 42 weeks which will start on 16 September 2012 and finish on 6 July 2013.

LIVING COSTS

The UK Border Agency considers that students living outside of London will require approximately £600 per month for their living expenses. For visa purposes, as a new student to the UK, you will need to show us that you have £5,400 (9 months @ £600 per month) of money in your bank account to use for your living costs, in addition to your tuition fees for the first year of your course.

Most of our accommodation contracts in Halls of Residence are for 42 weeks (10.5 months). The money that you will actually require during the year will therefore need to be adjusted accordingly. We have given a few examples of typical costs below to give you some guidance.

* Accommodation may be in Halls of Residence (standard rooms or en-suite rooms available) or in private housing. Halls of Residence rents usually include all utility bills. Rents in private housing are generally for room only, and costs of utility bills are additional. Please check with your accommodation provider for further details.

** Insurance for personal possessions is included in Halls of Residence rent. Rent in private houses does not include this insurance, and this cost should be included in your planning.

† these will be updated for 2012/2013 – check the website www.bradford.ac.uk/international/living-costs

The costs given above are estimates, and do not include any money for mobile phone/telephone costs, leisure activities, or initial set-up costs of bedding, kitchen equipment and warm clothing. These expenses will vary from one student to another according to your lifestyle and circumstances, as everybody is different! Remember that you will need additional money to cover these costs.

The amount of money that you need also varies according to the time of year. At the start of the academic year you will need to have access to enough money to pay accommodation deposits and rents (it is best to pay these in advance), and also to buy items that you need when you first arrive.

If you are an international student and have any questions about living costs, please contact: international-office@bradford.ac.uk
The Green has been developed and designed as a partnership between the University of Bradford and the Listerhills Management Company (which is a joint venture between Mi7 and Welbeck Land). Listerhills Management Company owns the buildings but the University and its Accommodation Team have the responsibility to administer the lettings, manage the tenancy contracts and provide all the services in the Village to the students. The University’s Accommodation Team, supported by their resident Warden Team, are highly experienced in providing an excellent quality service to our ‘customers’ – the students.

Tenancy Contract arrangements
The Green
Students offered and accepting accommodation in The Green will be required to complete and sign an Assured Short-hold Tenancy Agreement. Please note that the tenancy will be between the tenant student and the landlord, Listerhills Management Company Ltd, not the University, and that once you have signed the tenancy agreement you will be liable for the full fee.

The University is working closely in partnership with the Listerhills Management Company, and as part of this partnership the University will be responsible for managing the lettings, administering the tenancies, collecting the accommodation fees, and providing the full range of accommodation and facility management services in The Green.

Vernon Barnby Hall
Students offered and accepting accommodation in Vernon Barnby Hall will be required to complete and sign a Tenancy Licence Agreement directly with the University of Bradford.
